Introduction

Q8n Control is a remote control app designed specifically for the ZOOM Q8n-4K Handy Video Recorder (“the recorder” hereafter).

Recording, playback and other recorder operations can be conducted using this app on an iOS/iPadOS device.

Note that this manual does not explain operation of the recorder itself. See the Q8n-4K Operation Manual for detailed information about all its functions.

Installing Q8n Control

1. Open the App Store on the iOS/iPadOS device and search for “Q8n Control”.

2. Tap “GET” on the Q8n Control screen.

This will install Q8n Control on the device.

Connecting with the recorder

NOTE

- A dedicated wireless adapter (BTA-1, sold separately) must be installed to remotely control the recorder from an iOS/iPadOS device. See the recorder operation manual for details.

1. Remove the REMOTE connector cover and connect a BTA-1 or other dedicated wireless adapter.

2. Press  on the Recording Screen.

The SETTINGS Screen appears.

- 3.** Press  **Bluetooth** on the **SETTINGS** Screen.

- 4.** Press **“Connect”**.

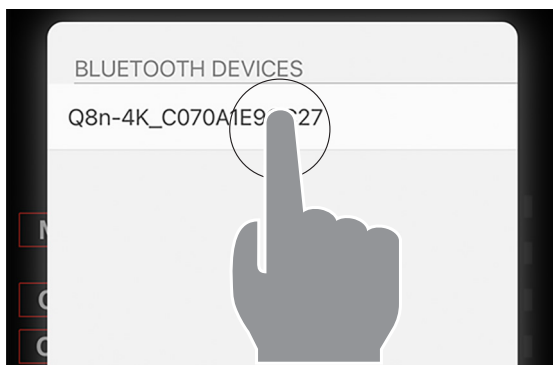

- 5.** Launch the Q8n Control app on the iOS/iPadOS device.

This opens a Bluetooth device list in Q8n Control.

6. Tap the device name/ID on the iOS/iPadOS device.

This starts connection. When connection completes, "Connected" will appear on the recorder display.

7. Press  x twice.

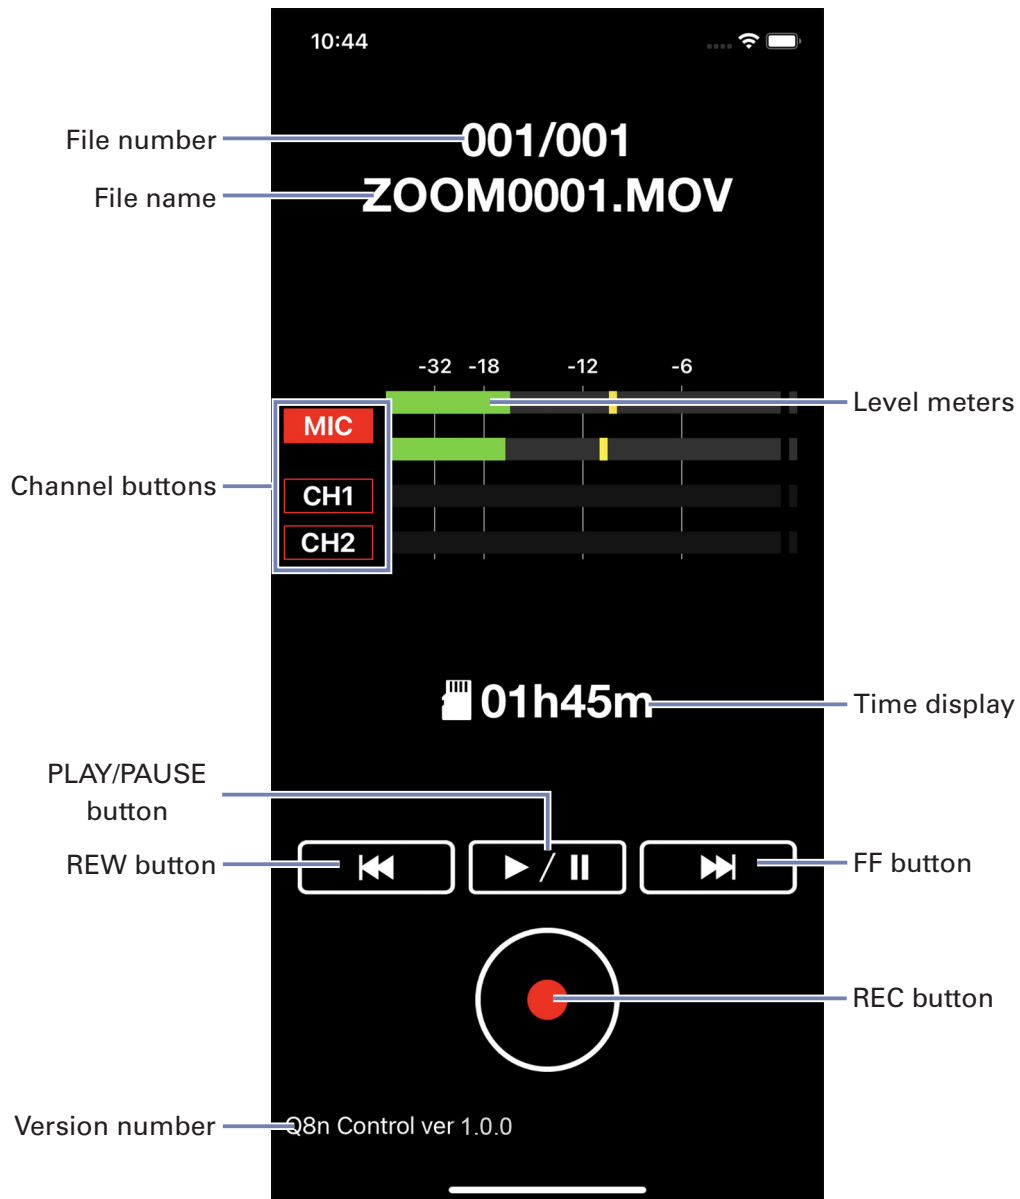

This reopens to the Recording Screen.

NOTE

- If connection is not successful, move the device closer to the recorder or move both to a place where nothing interferes with radio waves and start Q8n Control again. Confirm also that the Bluetooth function of the iOS/iPadOS device can be used.

Screen appearance

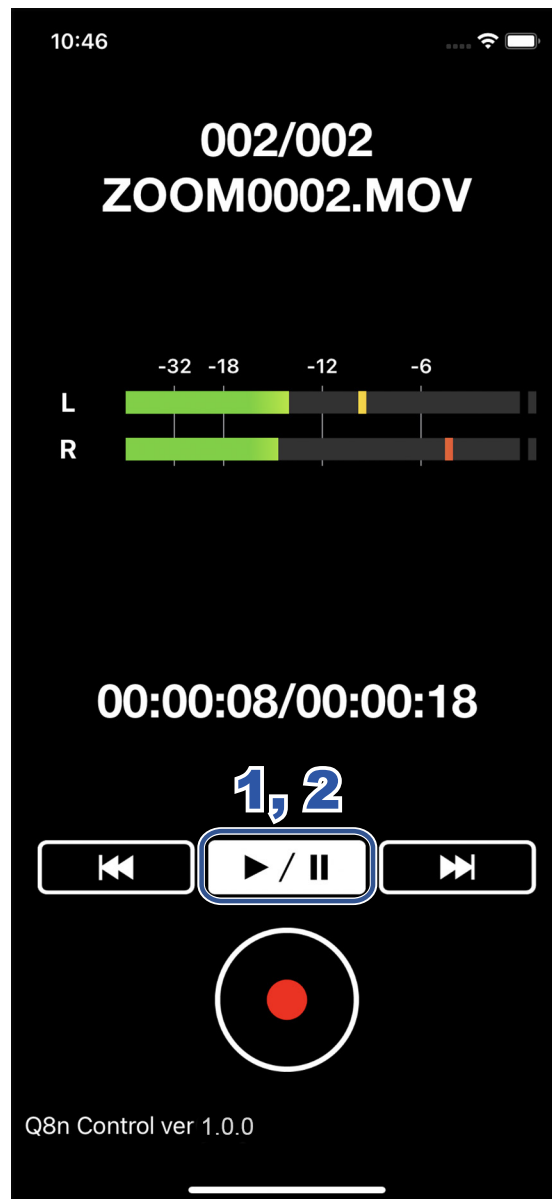

Recording

1. Tap the channel buttons so that they light red for the channels you want to record.
2. Tap  .
3. Tap  to stop.

Playing recordings

1. Tap  .
2. Tap  again to pause.
